The Therma K Metal hand held thermometer is housed in a robust extruded aluminium waterproof case, offering IP67 protection with a white powder coated finish containing Biomaster Antimicrobial Technology. The instrument incorporates the latest microprocessor technology with improved durability, designed for reliability and ease of use in day-to-day catering and food processing application.

The Therma K Metal features a large, easy to read, LCD display and measures temperature over the range of -99.9 to 1372 °C, -99.9 to 999.9 with a 0.1 °C resolution, auto-ranging to 1 °C resolution over the range of 1000 to 1372 °C.

The Therma K Metal thermometer incorporates an auto-power off facility that automatically turns the instrument off after ten minutes, maximising battery life. The on/off button is conveniently located at the front of the instrument as is the display hold facility. The secure battery compartment with a waterproof cover is located at the base of the instrument.

Data sheet	
range:	-99.9 to 1372 °C
resolution:	0.1 ºC to 999.9 ºC then 1 ºC
accuracy - instrument only :	±0.4 °C ±0.1 % of reading
battery:	3 x 1.5 volt AAA
battery life:	10,000 hours @ 25 °C
sensor type:	K thermocouple
display:	12 mm LCD
dimensions:	37 x 61.4 x 177 mm
weight:	235 grams
country of manufacture:	United Kingdom
guarantee:	two years
water/dust resistance:	IP67 protection
measurement scale:	Celsius
certification:	FREE traceable calibration certificate
conforms to standard:	EN 13485
