Made In England

????????????? ??????.

The new Therma 1T thermometer utilises a type T thermocouple sensor which offers both fast response and a measurement range of -100 to 400 °C with a 0.1 °C resolution. Each unit is housed in a robust ABS case that contains 'Biomaster' additive which reduces bacterial growth.

The Therma 1T features a large, easy to read, LCD display with open circuit and low battery indication.

Each thermometer is powered by three AAA batteries that give a minimum of five years battery life. The instrument will power off automatically after ten minutes, maximising battery life. This feature can be disabled by the user, if not required.

The Therma 1T is priced excluding probe.
??? ???????????? ?????????? ????? ? ????????????? ???? ???.

specification	**Therma 1T thermometer**
range	-100 to 400°C
resolution	0.1 °C to 300 °C thereafter 1 °C
accuracy	±0.2 °C ±0.1% of reading
battery	3 x 1.5 volt AAA
battery life	minimum 5 years (10000 hours)
sensor type	T thermocouple
display	12mm LCD
dimensions	25 x 56 x 128mm
weight	130 grams

FREE traceable certificate of calibration included

- range: -100 to 400 °C
- resolution: 0.1 °C to 300 °C thereafter 1 °C
- accuracy: ±0.2 °C ±0.1% of reading
- battery: 3 x 1.5 volt AAA
- battery life: 10000 hours
- sensor type: T thermocouple
- case material: ABS plastic with Biomaster anti-bacterial additive
- probe/sensor style: no probe included
- power source: battery powered
- country of manufacture: United Kingdom
- guarantee: two years
- certification: traceable calibration certificate
- power saving: auto-off
- measurement scale: Celsius/Fahrenheit
- display hold: yes
- battery monitor: yes
