?? ChefAlarm ????? ??? ????????????? ?????????? ?????????? ?? ??????????, alarm ??? max / min ????????????.

The ChefAlarm is a professional cooking thermometer and count up/down timer which simultaneously displays the count up/down time, current temperature, high/low alarms and max/min temperatures.

The timer is fully programmable, allowing the user to set the count up/down time to/from 99 hours, and 59 minutes. The unit incorporates a large, easy to read LCD display with user selectable backlight and a loud audible alarm with adjustable volume to 92dB - ideal for busy professional kitchens.

The ChefAlarm also includes a calibration function allowing the user to fine-tune the accuracy of the thermometer (±2.2 °C). The unit is housed in a water resistant casing and is designed to either sit on a worktop or attach to an appliance using the magnetic pads at the rear of the instrument.

Each ChefAlarm is supplied in a padded zip wallet complete with a penetration probe (810-071). Click the Probes or accessories tab above for probe specification.
