KERN 440 ????? ?????????
The classic balance in the laboratory

- Compact size, practical for small spaces
- Percentage determination: makes it possible to store a given weight value (100 %) and to determine deviations from this target value
- Ring-shaped draft shield standard, only for models with weighing plate size , weighing space ØxH 90x40 mm

Note: Individual header data: the free software KERN SHM-01 can be used to print 4 header lines on the printout for printers 911-013 and YKB-01N. You can easily download the software here (unfortunately it cannot be sent out as a CD): Software full-version
