pH Pal Plus pH teste

The pH PAL Plus tester is a user-friendly and simple to use pH meter that incorporates an automatic calibration feature. At the touch of a button, the instrument will automatically re-calibrate itself when used in conjunction with a 7.00 pH buffer solution.

The pH Pal Plus tester will power off automatically after ten minutes, maximising battery life. This pH Pal is ideal for measuring the pH in food processing and water testing applications. The pH tester is an invaluable tool when mixing concentrates with water.

The unit is powered by four LR44 button cell batteries (supplied) and includes a protective cap.

range:	0 to 14 pH
range - temperature:	0 to 50° C
resolution:	0.1 pH
accuracy:	±0.2pH
battery:	4 x 1.5 volt LR44 button cell
battery life:	150 hours
display:	8mm LCD

dimensions:	15 x 32 x 170mm
weight:	70 grams
case material:	ABS plastic
guarantee:	one year
water/dust resistance:	water resistant
measurement scale:	pH
